

Dear Neighborhood Retailer,

I love shopping at your store! However, there is one item that I currently buy elsewhere but would love to purchase at your store and that is Amy & Brian's amazing coconut water. I have tried countless brands and theirs is simply the best.

This family owned company named after the founders kids provides all-natural, never from concentrate coconut water, which is low in sugar, rich in potassium, and offers unique tastes and flavors that my family loves. Amy & Brian coconut water is sourced from Southeast Asia's tropical forests, providing naturally sweet varieties of coconut water which is fat and cholesterol-free and naturally full of electrolytes. My family absolutely loves it and so do I.

So there you have it. Your store + Amy & Brian Coconut Water = A happy customer! For ordering information, please contact [info@amyandbriannaturals.com](mailto:info@amyandbriannaturals.com)

I look forward to seeing Amy & Brian coconut water in your store!

Sincerely,  
Your Loyal Customer
